# Welcome to Elliott Insurance The Green Broker & All Trades Cover

## Join a Team Pioneering Sustainability in Insurance

Elliott Insurance The Green Broker, established in 2008, is Australia's first carbon-neutral insurance broker. Our mission is to provide top-tier insurance solutions while promoting environmental sustainability and social responsibility. Our expertise spans corporate, commercial, and our Trades and Construction Division of All Trades Cover. Additionally, we offer in-house claims management, risk management, and workers' compensation services, supported by our dedicated offshore Broking Support Service team in Manila.

We foster a culture of personal development where we value the individual. Our focus on the individuals within the team helps us to become a better organization. We strive towards a team culture that is welcoming, collaborative, and embraces authenticity and mutual support.

We are committed to creating an environment where our employees feel happy, fulfilled, and purposeful in their roles. Our workplace is designed to be enjoyable and engaging, offering flexible work arrangements, wellness programs, and various team-building activities. At Elliott Insurance The Green Broker, we believe that by supporting each other and working together, we can achieve great things while making a positive impact on the world.

# Our Values and Vision

## Values:

Excellence, Innovation,  
Sustainability, Integrity

## Vision:

To be the leading provider of  
sustainable insurance solutions.

## Mission:

Guided by three principles:  
Providing demonstrable value to clients,  
developing our people and technology,  
and seeking partnerships to create  
a positive impact locally and globally.

“

We use our mission to remind us to stay true to our goal. By developing both our people and technology side by side, career and company goals grow together. This synergy enables us to better demonstrate to our clients the amazing work our brokers and support teams do, fostering more partnerships to deliver positive outcomes.
